

Document Reference No.  
93-68-EEC1340

DECLARATION OF CONFORMITY  
FOR CE MARKING

Edison Fuse  
11939 Manchester Road  
Des Peres, MO 63131

declare under our sole responsibility that the product(s) to which this Declaration relates is/are in conformity with the Standard(s) or Normative Documents detailed below and follow the provisions of the Directives stated.

These products shall be installed, maintained and used in applications for which they were made, in accordance with professional practices, relevant installation standards and manufacturer's instructions. These products may be used by unskilled persons only as a replacement part to substitute for identical devices.

Catalog Reference or Designation of Products:

HPB306x, HPB309x, HPB312x Power Distribution Block Series

Standard(s) or Normative Documents:

Low Voltage Terminal Block, UL 1953  
EN 60947-7-1 – Low-voltage switchgear and controlgear – Part 7-1: Terminal blocks for copper conductors

EEC Directive(s) applicable: Low Voltage Directive, 2006/95/EC

Place of Issue: St. Louis, MO U.S.A.

Date of Issue: December 15, 2009

Authorized Signature: 

Name and Position: Daniel B. Giblin  
Division Manager, Global Industry Standards,  
Certifications and Applications

## **LOW-VOLTAGE POWER DISTRIBUTION BLOCKS**

The low-voltage power blocks on the Declaration of Conformity meet the essential requirements of the safety objectives of the Low-Voltage Directive for the following reasons:

1. **Marking** - These fuse-links are marked with the following information:
  - Manufacturer's name or trademark: Edison
  - Manufacturer's catalog or part number: HPB306x, HPB309x, HPB312x
  - Rated voltage: 600 AC
  - Rated current: 310A per pole maximum
2. **Availability** - These power blocks are available through a major distribution network in the European Union.
3. **Prior Sale** - These power blocks have been available in the world market since 2006.
4. **Quality** - These power blocks were manufactured in an ISO 9000 registered facility.
