

Material Compliance Statement

To whom it may concern:

we understand that our customers have several material regulations to meet at the same time, so we have gathered as much information as we can. The statements below are based on the information provided by our suppliers and other readily available information.

IDEM SAFETY SWITCHES has undertaken due diligence with our suppliers and will monitor any required revisions and will update this statement as required.

We hereby confirm, based on our current state of knowledge, that all products supplied by us are delivered in compliance with all regulations below:

RoHS 2

Refers to RoHS Directive 2011/65/EU which entered into force on 21 July 2011.

RoHS 3

Refers to RoHS Directive (EU) 2015/863 from 22 July 2019.

REACH

Refers to EC 1907/2006 for the restriction of substances on the European Chemical Agency Candidate List of SVHC (Substances of Very High Concern).

JIG Substances

JIG stands for Joint Industry Guide. The restricted substances list represents the industry-wide consensus on the relevant materials and substances that must be reported within the electro technical supply chain because of legal or market requirements. Its scope is intended to be comprehensive and global.

Conflict Minerals

In response to the Dodd-Frank Wall Street Reform and Consumer Act 2010 - Section 1502 regarding Conflict Minerals. Products or components must not contain the named substances sourced in the Democratic Republic of Congo or adjoining countries.

Californian Proposition 65 and the Toxic Substances Control Act ("TSCA") Section 6(h) of the TSCA

A handwritten signature in blue ink, appearing to read 'M. Marshall', with a long horizontal flourish extending to the right.
