## **EU Declaration of Conformity**

The Manufacturer:

MGM Electric Motors North America Inc. 3600 F.X. Tessier, Suite 140 Vaudreuil, Québec J7V 5V5 Canada

under the sole own responsibility, hereby declares that the three phase asynchronous motors belonging to the following series:

## SMX 63÷315

comply with the provisions of the following Union harmonization legislations:

2014/35/EU "Low voltage" 2014/30/EU "Electromagnetic compatibility"

2009/125/EC "Ecodesign"- Commission Regulation (EU) 2019/1781 and following amendments. (only for motors belonging to SMX series with rated power 0,12kW≤P<0,75kW and at least IE2 efficiency level and with rated power P ≥0,75 kW and at least IE3 efficiency level).

2011/65/EU "Rohs" and following amendments

and are in conformity with the following harmonized standards:

## EN 60034-1:2010-10, EN 60034-1/EC:2015-10; EN IEC 60034-5:2020-06; EN 60034-2-1:2014-09; EN 60034-30-1:2014-06;

Additional information:

The motor installation and its maintenance must be realised in conformity with the requirements stated in the use and maintenance booklet and with the EN 60 204 "Electrical Equipment of Industrial Machines" standard.

The Electromagnetic compatibility (EMC) requirements (standard EN 60034-1) apply to motors that are supplied directly to the end-user.

Motors that are intended for incorporation as components in a machinery, where the enclosure and assembly will affect the EMC emissions, are covered by the EMC standard that relates to the final product. The manufacturer of the machinery is responsible for complying with the EMC directive 2014/30/EU.

Place and date of issue:

Vaudreuil-Dorion, QC, CANADA 12-Dec-2021
