LOW-VOLTAGE FUSEHOLDERS

The low-voltage fuseholder listed on the Declaration of Conformity meet the essential requirements of the safety objectives of the Low-Voltage Directive for the following reasons:

1. **Marking** - These fuseholders are marked with the following information:
 - Manufacturer's name or trademark: Edison
 - Manufacturer's catalog or part number: EHCC Series
 - Rated voltage: 600
 - Rated current: 30A
2. **Availability** - These fuseholders are available through a major distribution network in the European Union.
3. **Prior Sale** – These fuseholders have been available in the world market since 2011.
4. **Quality** – These fuseholders were manufactured in an ISO 9000 registered facility.
