meet the requirements of **Directive 2011/65/EU (RoHS2)** and **2015/863/EU (RoHS3, Commission Delegated Directive of 31 March 2015 amending Annex II to Directive 2011/65/EU of the European Parliament and of the Council as regards the list of restricted substances)** certified by our suppliers.

Applications exempted from the restriction in article 4(1) do not meet.

EU Directive 2012/19/EU on waste electrical and electronic equipment (WEEE Directive) is regulating the recovery and disposal of waste electrical and electronic equipment. Therefore, the compliance with this directive has to be confirmed by the manufacturer of the final parts. The above mentioned materials do not contain substances in accordance with Attachment II of WEEE 2012/19/EU which require a selective treatment.

The presence of ubiquitous traces of undesirable materials cannot be excluded, however.
This statement is based on our current standard of knowledge.

Because igus® has no influence on the use of the products indicated above, igus® does not assume any guarantee, neither expressly nor implied, or warranty or any other liability in connection with the use of information contained in this document.

Yours sincerely
igus® GmbH
